PUPPY SALE AGREEMENT

Congratulations on the purchase of your Karelian Bear Dog puppy!

Your new puppy has been raised with great care and love. She/He will be greatly missed at our home but we know that it will enjoy his new home as well.

HEALTH GUARANTEE

We have sold you this puppy free of any diseases to the best of our knowledge. We guarantee the health of your puppy for 2 weeks after you receive the puppy giving you time to have him checked by your favorite and trusted veterinarian. If a serious health issue is found within this time period, you may contact us and fax us a written statement signed by a veterinarian. At this point we can offer another puppy from same litter if available or from next litter. Your deposit and purchase price will be applied to the new puppy.

We have wormed our puppies following our vets recommended schedule and do our best to prevent parasite contamination; nevertheless the puppy may require additional treatments. We cannot guarantee or be responsible for parasite vet care. At your vet visit you may take a stool sample to determine the need for additional treatment.

To the best of our knowledge this puppy was shipped with no signs of contagious diseases nor been exposed to any sick animals since birth.

Your puppy has received the appropriate shots for his/her age. After purchase you will receive a health card with dates that shots were administered.

It is very important that you keep puppies away from public locations (malls, parks, rest areas, public walkways, front yards, Pet Smart, etc.) until puppy has received ALL recommended immunizations.

If you purchase a puppy from us with no plans for breeding, we will expect a certificate from the vet after neuter/spay. If you plan on breeding be prepared for many questions and to wait for the right puppy.

FEEDING

Puppy has been receiving Nutro Max puppy food, we recommend you keep him/her on this same brand and then do a gradual change if you desire to switch to another product. A sudden change in food can cause diarrhea.

In order to reserve a puppy we must receive the appropriate deposit, \$200. Full payment of puppy must be received 3 weeks before puppy can be shipped. If you pay by personal check, the check will need to clear before puppy is shipped.
